CLIMATEMASTER CHOOSES THERMLINK AS NEW DISTRIBUTOR EMPHASIZING PLAN TO EXPAND COVERAGE IN THE NORTHERN U.S.

February 11th 2013

Oklahoma City, Oklahoma – February 11, 2013 – ClimateMaster, the world's largest and most progressive manufacturer of water source and geothermal heat pumps, today announced the selection of ThermLink as its distributor for Minnesota, Wisconsin, North Dakota, Montana, Wyoming, and Washington.

“ClimateMaster is enthused to add ThermLink to our growing number of distributors – they are a specialty distributor with a high level of knowledge of geothermal systems,” stated John Bailey Jr., Senior Vice President, Sales and Marketing, ClimateMaster, Inc. “ThermLink’s customers now have access to the best geothermal products available and we are excited to bring the unmatched benefits of geothermal to homeowners and business owners across their region.”

The addition of ThermLink is part of ClimateMaster’s expansion into the northern part of the United States – areas that can certainly benefit from the efficient heating of geothermal systems which can save as much as 70% in heating costs.

“ClimateMaster is a tremendous addition to our product portfolio and we couldn’t be more pleased,” says Erik Hallstrom, President, ThermLink. “We combine best-in-class products with excellent system designs to ensure customers get the best system possible and ClimateMaster fits our approach perfectly.”

About ClimateMaster®

ClimateMaster is the world's largest and most progressive manufacturer of water source and geothermal heat pumps.

They are committed to innovation and dedicated to environmentally clean, economically sound and superbly comfortable home and business environments. Each ClimateMaster product is produced in a state-of-the-art facility in Oklahoma City utilizing quality management systems that are ISO 9001:2000 certified. An LSB Industries, Inc. company (NYSE: LXU), ClimateMaster has been designing and building geothermal heat pumps for more than 50 years. For more information visit: www.climatemaster.com

About ThermLink™

ThermLink is a specialty geothermal distributor that provides design, products, and technical support for geothermal dealers and installers. ThermLink also offers design-build services for custom residences and light commercial projects – many of which incorporate solar and radiant heat. Headquartered in Duluth, Minnesota, ThermLink has a network of dealers across Minnesota, Wisconsin, North Dakota, Wyoming, Montana, and Washington. For more information visit: www.thermlink.com
