ClimateMaster Announces a New Distributor

Oklahoma City, OK-October 7, 2014-ClimateMaster has chosen Independent Supply Company as a distributor in western Canada for the provinces of British Columbia, Yukon, Saskatchewan, Alberta, Manitoba and the Northwest Territories. They will start carrying the ClimateMaster line effective immediately.

"We are excited to expand our relationship with Independent Supply into the residential market place" stated John Bailey Jr., Senior Vice President of sales, ClimateMaster Inc. "This is an excellent opportunity for both entities and will offer dealers a high service distributor for ClimateMaster equipment."

"Independent Supply Company is very excited to expand our partnership with Climatemaster by now offering their residential line," stated Rudy Weischorster, Vice President, Independent Supply Co. "We look forward to continuing our successful relationship and building a thriving residential geothermal business throughout Western Canada."

Independent Supply Co. was founded in 2000 and is a premier Canadian wholesale supplier of heating, ventilation, air conditioning and refrigeration products. ISC has an expanding support network in Pacific Canada, the Prairies and Ontario to service our growing customer base.

As a part of the Emco family, ISC has become a partner in one of Canada's largest integrated distribution networks for the construction industry. The ISC team consists of highly trained, entrepreneurial individuals with the experience and expertise to provide you with solutions for all HVAC and refrigeration needs.

ClimateMaster is the world's largest and most progressive manufacturer of water source and geothermal heat pumps. We are committed to innovation and dedicated to environmentally clean, economically sound and superbly comfortable home and business environments. Each ClimateMaster product is produced in our state-of-the-art facility utilizing quality management systems that are ISO

9001:2008 certified. We strive for the highest product quality and service after the sale to give you peace of mind.

An LSB Industries, Inc. subsidiary (NYSE: LXU), ClimateMaster has been designing and building equipment that enhances environments we live and work in every day for more than 50 years. In addition to geothermal heat pumps, ClimateMaster offers the most extensive product line of water source heat pumps for use in a wide variety of applications.
